

Preparation for Roommate Selection Questionnaire

For each pair of statements, circle the number and letter to the left of the statement that best reflects your typical behavior or point of view. Your answers will be compiled in a spreadsheet and shared with all students participating in the Study Tour. If are not comfortable answering a question, do not circle an answer to the left of the question. You (the students) will be selecting your own roommate and so the more completely you answer these questions, the better chance you have of picking a compatible roommate.
